

A Message from the Chief

On behalf of the women and men of Pioneer Fire Protection District, welcome to our Website. Through this site we hope to provide useful information about the fire district and various ways we serve our communities both in the traditional emergency service capacity and non-traditional customer service related areas.

The Pioneer Fire Protection District serves a diverse and rapidly growing area in southern El Dorado County. We serve a wide range of customers from those citizens in residential neighborhoods to employees and visitors to our retail businesses, commercial and industrial facilities. As illustrated in our mission statement, we are continually striving to meet and exceed the expectations of our residents, businesses, customers and partners.

As with many local government fire districts, we are proud of our history, our current commitment to service and our aggressive plans to move forward into the 21st century. The information available on this website will assist you in understanding our commitment to our communities and customer service. If you are unable to find the information you seek, please contact us so we might directly assist you.

Robert L. Gill, Fire Chief
